Dear Supporters of the Bautista Memorial Scholarship Golf Outing,

Mother McAuley would like to thank you for your generous sponsorship of the Bautista Memorial Golf Outing. Your partnership with the Bautista family has aided and impacted our young women and their families who are working very hard to send their daughters to Catholic school.

Oftentimes when businesses are asked to support events, they are not connected to the impact their giving has on the recipients. Our recipient had the following to say about her scholarship, "There are no words to express how grateful I am for your generosity. You have given me the opportunity to continue my education here at Mother McAuley and be able to focus on my music. My education has been made possible by those who believe in me and make sacrifices everyday just so I can go to school. I am truly blessed and grateful for the Bautista family and their supporters, who have given me the opportunity to be able to walk through the doors of Mother McAuley every day."

Each day you have made a difference in our McAuley community by supporting our future leaders. They have passion, drive and a strong mercy education. These gifts of support are not taken lightly, our students want to be the change in the world and give back. McAuley girls know they have received a lifetime advantage education, buoyed with a desire to do good works both in service and charity. As our recipient sincerely stated, "I don't know if I can ever repay you, but I hope one day I can pay it forward by donating scholarships to Mother McAuley as well".

Mother McAuley Liberal Arts High School is empowering and educating 914 young women on the southwest side of Chicago. We welcome you with open arms to visit our campus or our website at www.mothersmcauley.org to learn what it means to be a McAuley student, a Mighty Mac, a woman of mercy.

We are grateful for your strong belief in our mission, and the forever impact your investment has made in our young women and community.

In Mercy,

Carey Harrington
Vice President of Institutional Advancement

No work of charity can be more productive, or good to society, than the careful instruction of women.

Catherine McAuley, foundress of the Sisters of Mercy
